

Indy FASO

Artist's Choice A La Carte

WHAT'S INCLUDED

- **Complimentary phone consultation and simple, custom visual proposal** (You can review proposal before signing/ placing your retainer to secure your date)
- **An artist's care and sensibility to flowers**
- **Confidence that your flowers will be thoughtfully and sustainably sourced** (We take great care in sourcing the freshest, most beautiful ingredients from farmers locally, regionally, domestically whenever possible)
- **Individually priced pieces in a general color palette** (We design seasonally within a color palette of your choosing and can create any collection of pieces as detailed in our A La Carte Menu)
- **Open email communication leading up to event + 1 phone review meeting 1 month prior to event** (Additional in-person meetings are welcome at an additional cost)
- **Choose between Studio Pick-Up, Hand-off Delivery, or Delivery + Basic Set-up Services** (See details below)

Many of our couples have chosen to send a friend or family member to **pick-up** their order from our 893 Bergen St. Brooklyn studio. We have a mini driveway for you to pull into to snag your floral order with parking ease. Of course, this option is offered at no additional charge. Our most popular choice!

Or, we offer simple **hand-off delivery** throughout NYC. This option requires someone at the receiving location to meet our driver on street level so they can hand off carefully packed boxes of florals (while potentially being double parked). Pricing based on location, as detailed in our Menu.

And lastly, if you want to rest assured everything is delivered on time and the simple set up is fully taken care of onsite for you and your family, we also offer a **delivery + basic set-up service combo** based on bulk of order, distance, and parking availability. Note: A La Carte orders cannot include any type of set-up that requires a skilled florist onsite- only simple set-ups such as placing all made pieces in right spots, checking water levels post delivery ride, placing bouts in fridge, etc.

WHO IS BEST SUITED FOR THIS KIND OF ORDER?

- **Couples throwing an intimate celebration of about 50 guests or less, with a floral budget of \$4,000 or less**
- **Couples *not* looking for cheap, run-of-the-mill floral arrangements, but rather looking to commission an artist to custom make select pieces without a typical minimum order requirement**
- **Couples who care about locally and sustainably sourced flowers, and are open to using what is in season and in their budget at the time of their event** (We choose what looks most stunning and available the week of your wedding, and cannot accommodate specific flower requests for smaller orders.)
- **Those who love our work and trust us to make inspired and informed design and ingredient choices, within the provided color palette** (Trust and openness can lead to the most genuinely beautiful work!)
- **Couples who are looking for select beautiful floral pieces that do not require skilled floral set up or break down on-site at your venue** (See details below)

In the effort to offer stunning event florals **without a minimum**, we unfortunately cannot offer specialty rentals such as unique candle elements or ceremony structures (chuppahs, arches, etc), or floral elements that would require a skilled designer to create onsite as opposed to in our studio ahead of event date. Rather, it is meant for simple placement pieces such as small centerpieces, bud vases, garland down a table, wearables and bouquets, and so on. We create everything beautifully in our studio, and send your way via trustworthy, careful delivery helpers.

Also, **important to note that we do *not* offer clean up services in this type of order**, so the size of order would need to be appropriate to easily gift to your guests, have an appointed person to collect at end of night for you, and/or arrange for Bloom Again Brooklyn or a similar organization to pick up and donate to nursing homes on your behalf. It is very important to not simply assume this responsibility on the venue or planner. Additionally, If you long to do your part in being environmentally responsible with your event waste, you are *more than welcome* to bring back all cleaned, collected vessels to earn a reuse/recycling reward and all your chopped up floral/foilage waste for complimentary composting through our studio- to be arranged in advance.
